

Dear Friends,

It is with great honor and appreciation that I will join the IFPA Secretariat in Stockholm as Head of Operations early 2016. IFPA is an organization that is doing a tremendous work towards the psoriasis community and I am looking forward to learning from you, contributing and helping people suffering from psoriasis and their patient organizations.

I have mostly been working internationally in the non-profit sector with human rights issues. For me working in the NGO sector is not only work: I am personally extremely engaged into making people's lives better and find it very rewarding to contribute to changes! I am also an experienced leader and negotiator that mastered in international business law and negotiation in France and Sweden but moved to Sweden 14 years ago.

Communication is a priority for me! It is very important that I get inputs from all IFPA members, to hear what you have to say and to know what your needs are. I do look forward to meeting with you and hearing more about the activities you conduct in your respective countries.

I will do my very best to be lead forward the Secretariat of this great organization and to work with and for its members. Please do not hesitate to contact me!"

Sophie Andersson
